## ABOUT THE PROGRAMME

The phenomenon of Bribery and Corruption is taking curious turns in most of the countries and this phenomenon is being used as a weapon to destabilize. India is no exception to this '*wing of change*' and from time-to-time the monster of Bribery and Corruption erupts like Volcano – Bofors, Urea Scam, Fodder Scam, Scam in Banks, Security Scam, Sugar Scandals, Coal Scam are the most recent examples. Even though these scandals rock up the Government at the end of the day, non appears to have been seriously punished. Was it a system failure? Was it a failure of the Investing Agency to bring the culprits? Was it a political decision not to pursue the matter? Whatever be the truth, a great damage has been done to Indian fiber. In the post-liberalization era when the Indian Economy has been opened to the multinationals; the Public Sector now no longer enjoys the "*Commanding heights of Indian economy*" and must compete with Private Sector, the role of vigilance needs to be reviewed and clear-cut plan of action need to prepare so that the country does not suffer from another Scam. Let's be optimistic. Going by the hing sight, we can perceive that these incidents resulting in huge losses to the nation could have been averted; it is the eye of vigilance that an organization could perceive these threats. Vigilance is that mosaic eye, which gives organization a view in all directions.
